

Direct Drive Single Needle Sewing Machine

BOBJET 3531

Max Sewing Speed - 4500 SPM (Adjustable)

With the + and - keys you can adjust the speed digitally and while you work it is shown in real time.

Direct Drive Motor

An integrated compact solution that does not expose any dangers. Low noise & vibration, the motor is mounted on a single shaft.

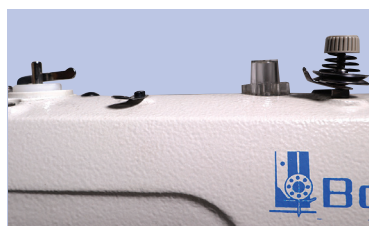

Integrated keys

The stitch-to-stitch key is used for precision work. The LED light is integrated into the machine.

Needle Position

Sets whether to stop the needle at the top or bottom at the end of the seam.

Integrated Bobbin Winder

Wind the bobbin while working and keep the next one ready.

Low power Consumption

The Standby mode significantly lower the power consumption during sewing.
